WESTON'S WALK
WILL END TODAYChicago Making Preparations
to Receive Veteran as It
Did Forty Years Ago.

Chicago, Nov. 26.—Edward Payson Weston started on the last stage of his record-breaking journey from Portland, Me., at 11 a. m. today, when he set out from Chesterton, Ind., where he had passed the morning in resting. According to his present plans, he will arrive at the Chicago Beach hotel, seven miles from the center of the city at midnight. There he will rest again, completing the walk to the Chicago postoffice, where the trip is to end, before noon tomorrow.

The last miles of the journey from South Bend to Chesterton were negotiated at a pace which proved the veteran pedestrian's endurance superior to that of a team of horses, which accompanied him from South Bend. The animals gave out after following the walker fifty miles and they could not be induced to proceed until they had been fed and rested.

His record for the distance made when he was 29 years of age was twenty-six secular days, for Weston never walks on Sunday. If he finishes his present performance in Chicago, he will have beaten the record of his young days by several hours.

Getting Faster All the Time.

According to the dispatches sent out from towns at which he has touched along the route, Weston has been getting faster rather than slower. In his promise made for many days past. For some time he was troubled with acute indigestion, which hampered his speed. Of late, however, he has been in perfect physical condition, and has been reeling off the miles at the rate of five per hour with as little apparent trouble as the average broker negotiates the distance between the club and the motor car.

The new Illinois Athletic club will have a reception committee in automobiles at South Chicago to greet Weston when he hits that part of the induced there will also be a detachment of the First regiment, as a guard of honor, and a bugle corps.

Old Timers Will Greet Him.

Not the least interesting part of the throng that will greet Weston will be the old timers who cheered him when he entered Chicago 40 years ago. There are thousands of men still living who were present when Weston came down Michigan avenue on Nov. 28, 1867, whipping his muscles to further activity with a short "swagger" stick, which he carried. Among the features of the reception will be the appearance of Alderman Weston on Michigan avenue at Twenty-second street, driving a "one-horse shay" exebited by S. D. McGuire, Sr., when he drove to welcome Weston.

The long hike of Weston was begun on Oct. 29, when he left the postoffice at Portland bearing a letter to the postmaster or his representative. Weston's schedule called for his arrival here by Nov. 27, but he has constantly kept ahead of his schedule.

Roads Are Better Now.

Weston has met with a good deal of difficulty on the present trip because of muddy roads, but in spite of that handicap he has steadily maintained his advantage over the demands of his schedule. The only advantage the pedestrian has in his present attempt in comparison with the walk when he was a young man, is that the roads on the average are much better now than they were then over the route traversed.

During the entire trip west Weston has been met with much enthusiasm along the route, towns turning out en masse to greet him.

It is stated that Weston intends to make a lecture out of his experiences on the present trip. He has already done a considerable amount of lecturing work and is declared to have made a success of it. Weston is a most enthusiastic believer in the virtues of the average road, and he announces a cure-all for the ills of humanity.

Weston's walk of forty years ago ended on Nov. 27, the date of departure from Portland being the same as on the present attempt. He reached Chicago in the morning, and it was estimated that he was welcomed by a throng of 50,000 persons, who cheered his pluck and persistence to the echo. The occasion largely took on the nature of a public holiday, and many shops closed so that the employees might take part in the reception. His arrival in Chicago on that occasion was the finale to a walk which had interested almost the entire country.

Weston crossed the southern city limits of Chicago shortly before 11 o'clock to-night. He was then nearly twelve miles from the Chicago Beach hotel, where he will rest before completing the final part of his record-breaking walk from Portland, Me., to Chicago. Sandy roads and misdirections in the sand wastes south of Hammond, Ind., delayed the aged pedestrian and prevented him from completing his day's jaunt at midnight as he had planned.

It is now thought that Weston will reach the Chicago Beach hotel, which is nearly seven miles from the postoffice, about 2 o'clock tomorrow morning. His intention is to rest there and obtain a long sleep so that he may reach the postoffice about noon tomorrow. By doing this he will lower his record established forty years ago by twenty-four hours.

NOW WOULDN'T THIS JAR YOU?

Here is about the richest dope that has been sent out of this part of the country by "sporting writers" for some time. It is about on a par with some of the "stuff" sent to Denver after the Golden-Utah football game. They have Pete Sullivan beaten by Unholz in twenty rounds at Ogden and say that Unholz had the better of the contest. The leading paragraphs of articles published in two Denver papers are reproduced just to show the Utah public how far they are from the facts:

(Denver Times.)
(Special to the Times.)
Ogden, Utah, Nov. 26.—Rudolph Unholz, the Boer champion, received a justly earned decision over Peter Sullivan at the end of their twenty-round bout, which took place here last night.

It was a fierce battle at all times, with the Boer doing the aggressive work and Sullivan the clever boxing.

Unholz proved himself to be one of the greatest fighters ever seen here and made a decided hit with the crowd.

NATIONAL TO CUT EXPENSES

President of Boston Club Thinks
Teams Carry Too Many
Players.

New York, Nov. 26.—One of the proposals which it is said will be made at the annual meeting of the National League of Baseball Clubs in New York will be to limit the number of players that any club may retain on its salary list. It is said that George B. Doory of the Boston club will propose the adoption of a resolution forbidding the reservation of more than eight of the players and providing that not more than five new men may be added during a playing season. Doory declares that the salvation of the big leagues depends upon the reduction of expenses and that in order to retain the best players the teams must be more evenly matched.

BROSSARD LEADS
A. C. NEXT YEAR

Big Fullback Elected Captain
—Effort to Play Foot-
ball at B. Y. C.

(Special to The Herald.)
Logan, Nov. 26.—The Aggies met last night after their game with the crimson team and elected a captain for next year. Brossard, the big fullback of the team, was the man chosen, his election being unanimous. Brossard has been with the team two years and is regarded as one of the best players and most popular men the school has ever had. The team was practically disbanded last night. Coach Walker is not here, but before he left he wrote St. Vincent's college asking for a game on Christmas, and as yet no reply has been received. The Aggies are just a possibility that the Aggies may have another game this season, but not a probability. As soon as Walker returns from the east he will take up the work of shaping up a basketball team for the Aggies. He will also make a try for the state championship with it.

Colorado Team Arrives Today
Utah Puts in Last Practice Behind Closed Gates—Hard Game Is Promised.

Maddock kept the university team behind closed doors yesterday afternoon, putting the finishing touches on the men for the Thanksgiving day contest with the Colorado college. The Aggies arrived in the city this afternoon and will put up at the Kenyon. Maddock's men will go through a short signal practice this afternoon, which will be the last of the season.

The Colorado college team is considered one of the strongest in the state, and was the only eleven to lower the Utah colors last year. At Colorado Springs in the first game of last season, Utah was defeated by the Tigers by a score of 6 to 0.

Palm has been unable to get out and it looks as if he will be unable to enter the game. Richards, C. Russell and Gardiner, who are trying for his position at guard, are showing up well. Fergusson, the U drop kicker, is showing great form and Maddock will probably put him into the game at end.

Basket Ball at B. Y. U.
At the B. Y. college there is already a good deal of interest being shown in the basketball team. The college team holds the championship of the state and is playing a strong fight to keep it. All the members of last year's team except Keller are here, and have been practicing pretty regularly, but the efforts of Coach Badenoch of late have been directed to shaping up a football team for the college. For many years football has been under the ban at the college, but during all that time some members of the board of trustees have fought for the reinstatement of the game. When Badenoch, the Aggies' first professional coach was employed, a strong effort was made to secure permission to play football.

Breaking Into Football.
President Joseph F. Smith, however, did not give his consent, nor did he say that the team should not be played, so Badenoch took it up, and under the name of the Logan Crimsons, a lot of the college boys have played football for the past four weeks. All things considered, they did pretty well, but the tremendous score piled up against them by the Aggies has discouraged some of the players, and this, together with the fact that the church authorities still frown on the game, makes it doubtful whether there will be any football at the B. Y. C. next year.

The new style of football taught by Walker and Badenoch has served to popularize the game here, and the games as a rule have been well patronized by the townspeople, and a great many people hope to see the great college game reinstated at the B. Y. C.

OLD TIME BALL PLAYER DIES.
Utica, Nov. 26.—Edward Burke, formerly a famous ball player with the New York Giants, died at a hospital here today, aged 43 years. For the last year or so he had worked as a cook for a railroad section gang.

CHANGES IN HIGH SCHOOL.
Team Improved for Game Against Ogden Tomorrow.

The High school boys will be off in a bunch Thanksgiving morning for Ogden, where they are expected to win the earth with the Junction lads. The local team has shown much improvement since the last game with Ogden and the lads have made up their minds to win if possible.

The line-up has been greatly changed since the last game and is thought to have strengthened the weak places. Wire has been shifted from center to fullback, while Korus will fill his position. Wire besides being heavy, has the speed that has been lacking in the back field. Stieglitz, the speedy end, will be in Tomlinson's place at right half and is looked upon as a good man in that position.

ST. VINCENT'S, OREGON A. C.

President Kerr's Team Plays Eleven
Which Beat Utah.

Los Angeles, Cal., Nov. 26.—The football eleven of the Oregon Agricultural college arrived from the north today for their Thanksgiving day contest with the St. Vincent's team, the champions of the south. The northern players were all in good condition with the exception of being greatly fatigued, while the local team was much heavier than the local eleven, but as the latter have already defeated several teams heavier than themselves they are full of confidence in Thursday's result.

DONLIN SIGNS WITH GIANTS.
Chicago, Nov. 26.—Mike Donlin, the famous center fielder and batsman, has again signed with the New York National league team, according to the Record Herald. The contract is said to call for a salary of \$5,000.

BILLIARDS AND POOL.

Winters Beats Peters.

Dan Winters ran away with his match with John Peters in the state pool championship series last evening. The latter played in bad luck on several occasions, which lost him the game. Score: Winters, 100; high run, 15. Peters, 43; high run, 18. Tonight E. McKenzie meets A. E. Anderson. McKenzie has won five and lost two games and Anderson has won four and lost two. The winner will have a chance to get through with enough games to win the championship.

St. Louis Results.

St. Louis, Nov. 26.—By a score of 50 to 38 Alfredo de Oro of New York tonight defeated John Daly of Chicago in the thirty-first game of the three-cushion billiard championship tournament and pulled Daly from his position as one of the three leaders in the contest. De Oro's high run was 5, his average .60; Daly's high run was 4, his average .40.

HYLAND-UNHOLZ
MATCH IS OFF

Manager Wood Now Working
on Sullivan-Fitzgerald Go
for Opening Bout.

Dick Hyland and Rudolph Unholz will not be the opening card at the Lagoon, which has secured the permit to open up a boxing club out there. It was thought that the offer made this pair through the press yesterday was one that could not be overlooked, but it failed to bring the two men together. Manager Sammy McClinton said he would refuse to have anything to do with Unholz on account of his manager, Rawhide Kelly. It appears as if Kelly and says he will not meet Unholz as long as he sticks to Kelly.

Wood at once began arrangements for another match. He picked Pete Sullivan and Willie Fitzgerald as a card and wired Fitzgerald for his consent to the match. Fitzgerald has offered to come to Salt Lake for a contest any time, and

it is believed he will be glad of the chance to meet Sullivan.

Since they fought a twenty-round draw, Sullivan has repeatedly said he would like another chance at Fitzgerald and it is believed he will be too glad to get the chance. This match, if made, will be a good substitute for the Hyland-Unholz contest and will please the local fans just as well.

NAVAL RACE AT BENNING.
Artillery and Cavalry Horse to Meet
in Match on Thanksgiving Day.

New York, Nov. 26.—Major General Frederick D. Grant, commanding the department of the east, has given his approval of the plan of the Washington Jockey club for a race at the Benning track on Thanksgiving day between cavalry and artillery horses. The race will be participated in by horses representing eight troops of the Thirteenth cavalry, four troops of the Eleventh cavalry, and the Second battery of field artillery. Each horse will be ridden by an enlisted man belonging to the command to which the horse belongs.

The Washington Jockey club has offered a gold cup and \$20 in cash prizes. A large part of the cash will go to the troops and battery to which the first three horses belong, the smaller amount going to the riders.
